Guidelines:

- Go through the design.
- Your first task is to create the Home page of this design using HTML, CSS (Tailwind library).
- Feel free to improvise in the design.
- The end goal of this project is that you'll build a fully functional Real Estate website from scratch which would be a great addition in your resume.

PS: We have an outhouse project coming up, so this task will brush up your skills.

Deadline: 2nd November 2022
